*“ I think it's a good product! I saw there was a need, I had used OLT in the past and it was the perfect solution. It has given all staff the opportunity to reflect on their own practice and consider some of the issues students face at the different key stages.*

– Advisory Teacher (2021)

*“ ... it's robust, it covers knowledge, assessment and interventions in an accessible format. Participants can access materials at their own pace. They have opportunities to put the learning into practice via goals and targets and embed practice in the schools.*

## Sustainable transformations in SEND practice

We are a provider of evidence-based 'just in time' training in Special Educational Needs and Disabilities (SEND) and wellbeing, which delivers sustainable transformations in practice at a reasonable cost. Our flexible, blended online courses can be contextualised to meet regional needs and are underpinned by a learning management system that provides all the information you need to track and evaluate learning.
